I hope that my hero will be here tonight
He will come and save my life, so I believe that
They say he's been careful to never break my heart
He will pull me from the dark into light

[Chorus]

I'm so tired, I'm so tired of waiting
Which one of us is crazy?
Where all the believers, believers gone?
And what's this thrill, this thrill that I'm chasing?
Life's too short to ...
Love's hard to believe, to believe
All the believers are gone

Stood around the strobe light just waiting for a sign
Maybe I would catch his eye, passing by
But it's way over midnight, they turning all my lights
And I doubt he'll be aside, but it's alright

[Chorus]

I'm so tired, I'm so tired of waiting
Which one of us is crazy?
Where all the believers, believers gone?
And what's this thrill, this thrill that I'm chasing?
Life's too short to ...
Love's hard to believe, to believe
All the believers are gone

All the believers are gone
All the believers are gone
All the believers are gone
Gone, gone, gone, gone,
Gone, gone, gone, gone

[Chorus]

I'm so tired, I'm so tired of waiting
Which one of us is crazy?
Where all the believers, believers gone?
And what's this thrill, this thrill that I'm chasing?
Life's too short to ...
Love's hard to believe, to believe

All the believers are gone

I hope that my hero will be here tonight
He will come and save my life, so I believe that.
