You're hangin out with him again but I don't trust him
If you cherish the love then you gotta stop seeing him
end of discussion
What ya'll got in common, bout to ring the alarm
And girl I love you so much
Wit you and this stranger
I think I'm in danger and you got my heart in the clutch

He's fabulously confident, got everybody wondering
Blame it on the fashion magazines, he's been studying
Fashion major, (yeah) my boys a major player (yeah)
And were so cool, they got no clue
He's got my back but don't you be mistaking his part
Rolling up his sleeve where he's wearing his heart
Cried like a baby on his shoulder when we broke up
Memories got me choked up
I can take him where no boys are allowed

And I know it, know it
Even though you try best not to show it, show it
You're tryin to figure out where it's going
Who is he to me and exactly
What does that mean to you

He's just my beautiful boy
He's not a threat no he's just my beautiful boy
Don't get upset he's just a friend of mine
Beautiful boy, boy you trippin
Ain't no competition now
Everybody's wondering bout my beautiful
Beautiful boy, all your friends say it aint right beautiful
boy
You gotta trust me don't even think twice beautiful boy
Don't second guess the bond that we got
Got everybody wondering bout my beautiful

Staring in his baby blues
I could just get lost in them
Got a little Leo some a Justin and some Ashton in him
Pays attention, (yeah) and he's so fit its sickenin,
(yeah)
Queer eye, (oh) straight guy (oh)

Louis V accessories he wears them like a mannequin
Sorta understandable my boyfriends always mad at
him
Completely harmless

To be completely honest he's not even my type
I just enjoy my beautiful boy

And I know it, know it
Even though you try best not to show it, show it
You're tryin to figure out where it's going
Who is he to me and exactly
What does that mean to you

He's just my beautiful boy
He's not a threat no he's just my beautiful boy
Don't get upset he's just a friend of mine
Beautiful boy, boy you trippin
Aint no competition now
Everybody's wondering bout my beautiful
Beautiful boy, all your friends say it aint right beautiful
boy
You gotta trust me don't even think twice beautiful boy
don't second guess the bond that we got
Got everybody wondering bout my beautiful

Can't say that I blame for the way you be buggin out
Can't say I wouldn't do the same if it was turned around
I just need you to understand about about my beautiful
My beautiful, now it's getting hard for me to deal with
your insecurities
How many times I gotta tell ya
You're the one for me
I just need you to understand about my beautiful
My beautiful, my beautiful boy

Beautiful boy, he's not a threat no he's just my
beautiful boy
Don't get upset he's just a friend of mine
Beautiful boy, boy you trippin
Ain't no competition now everybody's wondering bout
my beautiful
Beautiful boy, all your friends say it ain't right beautiful
boy
You gotta trust me don't even think twice beautiful boy
Don't second guess the bond that we got
Got everybody wondering bout my beautiful

Beautiful boy
Whao

Oh

Beautiful boy
Beautiful boy
