you showed up just like it was nothing  
you told me you`re sorry, you`re really sorry  
the giant circle you are running  
it took a lot from me  
wish you would`ve warned me  
wasn`t that enough, they`re not good enough  
can`t let you back so easy  
wanna watch you goin` through what you put me  
through  
baby i just wanna see you

cry, cry like a girl  
let me see your tears on the ground  
like rain pouring down  
from how much it hurts  
wanna see you cry, cry like a girl  
let me see you fallin` apart  
til it feels like it hurt  
can`t take anymore  
cry like a girl

did you ever feel so fragile  
the sun was a spotlight  
exposing the cracks inside  
you thought the goodbye would be final  
and then you were crumbling  
like you lost everything  
wasn`t that enough, sorry`s not enough  
can`t let you off so easy  
wanna watch you goin` through what you put me  
through  
baby i just wanna see you

cry, cry like a girl  
let me see your tears on the ground  
like rain pouring down  
from how much it hurts  
wanna see you cry, cry like a girl  
let me see you fallin` apart  
til it feels like it hurt  
can`t take it anymore  
cry like a girl

and i just might forgive you  
tried and i tried but i cannot love you  
came to show me baby  
that you love me too

cry, cry like a girl  
let me see your tears on the ground  
like rain pouring down  
from how much it hurts  
wanna see you cry, cry like a girl  
let me see you fallin` apart  
til it feels like it hurt  
can`t take it anymore  
cry like a girl
