Listen up  
You don't deserve to hear what I'm about to say to you  
Listen up  
You probably ain't gonna believe this at all but it's true

You know I got a new man in my life but  
Being with him is making me realize oh  
Maybe I'm not as ok as I thought I was

Every time I look in his eyes I want them to be yours  
Keep on telling my friends like I swear I don't miss him  
anymore  
Don't get me wrong you know I'm happy with what I got  
It ain't fair to him I want someone that hes just not

Cause all I do is spend my time tryin to find what you  
gave to me  
But he can't compete  
Cause he ain't you  
That's when I realize  
Boy I can't even lie  
Cause now I understand  
I'm never gonna have what I had

Have what I had  
hav wat i (eva had)  
hav wat i had  
hav wat i (eva had)

Enough  
I coulda sworn id had enough of the pain, the pain  
And I  
Never thought id be going through this again, ooh  
again  
You put me through so much more than I could take but  
You're the reality that I can't escape oh  
I'm only lying to myself if I say I'm ok

Every time I look in his eyes I want them to be yours  
Keep on telling my friends like I swear I don't miss him  
anymore  
Don't get me wrong you know I'm happy with what I got

It ain't fair to him I want someone that hes just not

Cause all I do is spend my time tryin to find what you  
gave to me  
But he can't compete  
Cause he ain't you  
That's when I realize  
Boy I can't even lie  
Cause now I understand  
I'm never gonna have what I had

Have what I had  
hav wat i (eva had)  
hav wat i had  
hav wat i (eva had)

I never felt the way I felt when I was with you boy  
And I don't think I'll ever find someone to fill that void  
Even though weve both moved on I know this much is  
true  
I can't look you in the eye  
And tell you that I'm not in love with you  
Cause all I do is spend my time tryin to find what you  
gave to me  
But he can't compete  
Cause he ain't you  
That's when I realize  
Boy I can't even lie  
Cause now I understand  
I'm never gonna have what I had

have wat i had  
have wat i (eva had)  
hav wat i had  
hav wat i (eva had)
