[Verse 1:]

Many days, Many nights  
I sit and think about all the love  
And the joy that you bring.  
Then I laugh out loud  
and I crack a smile,  
oh boy you don't know what you do to me,  
oh tell me why,  
it's a shame that your so far away,  
I got used to your face everyday,  
I'm so sick and tired cause I'm missing you.

[Chorus:]

I try to pretend that its all in my mind, baby.  
Can't hide all this pain that I'm feeling inside.  
I tried and I tried and I tried and I tried.  
I told you I'm not gonna cry but I lied,  
I can't be without you.

[Verse 2:]

We were almost there,  
we were on our way,  
everything was alright  
till you went away,  
I know we both share the same mind,  
but not the same space.  
I said I'm not gonna cry  
but now I'm in a different place.  
Go back to how it once was  
I know I said I was cool but  
I'm sick and I'm tired because I'm missing you  
Now all my ladies do you understand?  
Cause I cant go another hour now without my man,  
boy you know.

[Chorus:]

I try to pretend that its all in my mind, baby.  
Can't hide all this pain that I'm feeling inside.  
I tried and I tried and I tried and I tried.  
I told you I'm not gonna cry but I lied,  
I can't be without you.

[Verse 3:]

Baby I don't even know why  
I can't get you out of my head.  
Baby I don't even know why  
it feels like I'm hurting so bad.  
Baby I don't even know why,  
why I'm feeling like this.  
Wish you were right here instead.

[Chorus:]

I try to pretend that its all in my mind, baby.  
Can't hide all this pain that I'm feeling inside.  
I tried and I tried and I tried and I tried.  
I told you I'm not gonna cry but I lied,  
I can't be without you
