I've been waiting for a long time  
For someone who can make my dreams come true  
You've been with me for a long time  
Helpin' me through, all that I have gotten through  
And I'm thankful for everything  
You do for me boy, and you know that I love you  
I'll take care of anything you'll ever need

Ooh, when you're all by yourself baby  
I got you  
If you need someone to call baby  
I got you  
There's no need to be lonely  
I got you  
And I know that you got me too, boy

Ohh ah, yeah  
Ohh ah, yeah

When you smile at me, it makes me weak  
I can count on you boy to be there when I'm fallin'  
I didn't have to change for you to see  
That nothing can ever come between you and me  
I need you for who you are  
And all that I am when I'm standin' next to you  
I'm so lucky to have you in my life

Ooh, when you're all by yourself baby  
I got you  
If you need someone to call baby  
I got you  
There's no need to be lonely  
I got you  
And I know that you got me too, baby

Your heart is with me and with nobody else  
I'm tryin' to keep my cool but I can't help it  
I can't imagine life without your love  
Now and forever you're all I'm thinkin' of

When you're all by yourself  
I got you

There's no need to be lonely  
And I know that you got me too, boy

Ooh, when you're all by yourself baby  
I got you  
If you need someone to call baby  
I got you  
There's no need to be lonely  
I got you  
And I know that you got me too, boy

Ooh, when you're all by yourself baby  
I got you  
If you need someone to call baby  
I got you  
There's no need to be lonely  
I got you  
And I know that you got me too, boy

Ooh when you're all by yourself  
You need someone - call me  
I got you  
When you're all by yourself  
I got you, I got you, I got you
