You stole my heart and walked away
You tore my soul apart and never said a word to me
Love's made out to be what everyone wants it to be
But your touch it burned a hole in me

[Pre-Chorus]

I won't let it get me down no more
No I won't let it get me down no more

[Chorus]

'Cause I'm stronger then I was before
No cheating , lying anymore
Your game has all been played before , so
Let it go
Now you need me in your life
But I'm not going back this time, boy
Your heart is no longer mine
So , let it go
Go (x4)

I trusted you , you let me down
I gave my heart to you but you weren't around
You told me that you love me but you don't
You told me that you need me but I won't
But you lie to me, I don't wanna live this way

[Pre-Chorus]

I won't let it get me down no more
No I won't let it get me down no more

[Chorus]

'Cause I'm stronger then I was before
No cheating , lying anymore
Your game has all been played before , so
Let it go
Now you need me in your life
But I'm not going back this time, boy
Your heart is no longer mine
So , let it go
Go (x4)

[Bridge]
Now that I'm free
Free to believe
What you never thought I could
And now that I know
I'm gonna show you
That I am and I will
'Cause I can be stronger
Than I was before
No cheating lying anymore
Your game has all been played before
So , let it go
Now you need me in your life
I won't go and beg this time
Your heart is no longer mine
So , let it go
