Theres a girl, whos given up
On everyone she knows
And everyone one who knows her
She feels betrayed in every way
The people who love her, they always leave her

She wants to go on believing
That shes the queen, queen, queen of the masquerade
She cant shake the feeling
Thats shes stuck, stuck, stuck in a fantasy

[Chorus]

Little miss independent, she goes where she wants to
go
Nobody can tell her no
Little miss independent, everybody wants her
But nobody needs her
Shes so hard to break, a standing ovate
I tell her she still needs love, love, love
Shes getting nowhere, shes getting nowhere
Shes getting nowhere, shes getting nowhere, fast

Theres a girl, who wants to know
All the things in life, that no one ever told her
Shes taking chances, on fake romance
She knows that its danger
But that doesnt stop her

She wants to go on believing
That shes in love, love, love with the way she lives
She cant shake the feeling
That if she stops, stops, stops
Shell wake from the dream shes in

[Chorus]

Little miss independent, she goes where she wants to
go
Nobody can tell her no
Little miss independent, everybody wants her
But nobody needs her
Shes so hard to break, a standing ovate

I tell her she still needs love, love, love
Shes getting nowhere, shes getting nowhere
Shes getting nowhere, shes getting nowhere, fast

If she was just brave enough
To open up her heart, she might find
Love, love, love, love, love, love, love
Love, love, love, love, love, love, love

[Chorus]

Little miss independent, she goes where she wants to
go
Nobody can tell her no
Little miss independent, everybody wants her
But nobody needs her
Shes so hard to break, a standing ovate
I tell her she still needs love, love, love
