Little rush then you run  
Tell me you want me but  
Too busy acting tough  
Just a touch and you're gone  
Swear that you need me here  
But you give in to fear  
Don't wanna wait  
It's never too late  
There's always a way to remedy  
Cure the pain, mend the breaks  
I can be all you need  
I'm not the enemy

You make it impossible to get to your heart  
As soon as I'm close is when you close the door  
You pushing me far away you're making it hard  
I know what you're going through, you've been hurt  
before  
So let down your guard I'll show you love  
But you're still running like a rebel without a cause  
You make it impossible to get to your heart  
You're still running like a rebel without a cause

It's so easy to go  
Shut down and numb the hurt  
Wish you could fight the urge  
But it's all that you know  
Just let me take your hand  
Show you I understand

dont wana wait  
its never to late  
cuz i can be all u need  
im not tha enemy

You make it impossible to get to your heart  
As soon as I'm close is when you close the door  
You pushing me far away you're making it hard  
I know what you're going through, you've been hurt  
before  
So let down your guard I'll show you love  
But you're still running like a rebel without a cause

You make it impossible to get to your heart  
You're still running like a rebel without a cause  
ur still running like a rebel without a cause  
u see it coming then u turn around and then ur gone  
i tried to slow u down and show u a fainted love  
but still ur running like a rebel without a cause

Can't keep running away from  
Running away from love  
Like a rebel without a cause  
You can't keep running away from  
Running away from love  
Like a rebel without a cause  
impossible  
You make it impossible to get to your heart  
As soon as I'm close is when you close the door  
You pushing me far away you're making it hard  
I know what you're going through, you've been hurt  
before  
So let down your guard I'll show you love  
But you're still running like a rebel without a cause  
You make it impossible to get to your heart  
You're still running like a rebel without a cause  
ur still running like a rebel without a cause  
u see it coming then u turn around and then ur gone  
i tried to slow u down and show u a fainted love  
but still ur running like a rebel without a cause
