(Verse 1)

When the day has turned to night
You're the One who's by my side
It's only You and I
In Your arms I feel alive
In the shadow of Your light
Your Love shines through Your eyes
Lover of my soul, when I'm with You, I'm whole

(Chorus)

I've never felt this way before
I've never loved someone more
It's only You I adore Oh Ehh
I've never felt this way before

(Verse 2)

Playing like my favourite song
I wanna hear You all day long
My Number One, You are second to none
Loving me for who I am, my good and bad, You understand
You're more than just a friend
Lover of my soul, when I'm with You, I'm whole

(Chorus)

I've never felt this way before
I've never loved someone more
It's only You I adore Oh Ehh
Never felt this way before

(Bridge)

I'm so glad You call me friend
(So glad You call me friend)
And I'll love You till the end
Oh Ehh

Never felt this way before
Never felt this way before
Never Never Never Never

(Chorus)

I've never felt this way before

I've never loved someone more
It's only You I adore Oh Ehh
I've never felt this way before
I've never loved someone more
It's only You I adore
Never felt this way before Ohh Eeeh
It's You that I adore
I've never felt, never felt this way before

(Harmony Mix till End)
Never felt this way before
Only You that I adore
