Through the corridors of power
Seeps the stench of sulphur
They have gathered again
To plot their global agenda

Bringers of plagues
Merchants of war
Masters of slavery
High priest of manipulation

Unholy alliance
Of de-facto powers
Black mass of the chosen few
To dictate history

Bringers of plagues
Merchants of war
Masters of slavery
High priest of manipulation

Akelarre

Bringers of plagues
Merchants of war
Masters of slavery
High priest of manipulation

Akelarre
