

Criminal "Nation Of Hate"

Visit "[Nation Of Hate](#)" on MotoLyrics.com

Years of hatred poisoned lives
Defend, blinded, desensitized

Open wounds never heal
Cancer grows within

Dying nation in confrontation
Reckless nation, nation of hate

Breathe aggression infest the air
Violent regression to primal fear

Open wounds never heal
Cancer grows within

Dying nation in confrontation
Reckless nation, nation of hate

Lies collapsing
Rage sets in chain reaction, indistinct

Open wounds never heal
Cancer grows within

Dying nation in confrontation
Reckless nation, nation of hate
