There's times when I want something more
someone more like me
There's when this dress rehearsal
seems incomplete

But you see the colors in me
like no one else
And behind your dark glasses you're
you're something else

{chorus}
You're really lovely underneath it all
You want to love me underneath it all
I'm really lucky underneath it all
You're really lovely

{Verse 2}

You know some real bad tricks
and you need some discipline
but lately you've been trying real hard
and giving me your best

And you give me the most gorgeous sleep
that I've ever had
And when it's really bad
i guess it's not that bad

{chorus}
You're really lovely underneath it all
You want to love me underneath it all
I'm really lucky underneath it all
You're really lovely

{ Bridge }

So many moods that we have seen
stumbling back next to me
I've seen right through and underneath
and you make me better
I've seen right through and underneath
And you make me better

I've seen right through and underneath
and you make me better, better...better

{verse 3}

Something I need to tell ya
You are my real prince charming
like the heat from the fire you were always burring
every time your around my body keeps stalling
for your touch, your kisses and your sweet romancing
there's another side of you
that this woman does adore
aside from your temper
everything is secure
and your good from me baby
all that I am sure
'cause over and over you make me want more

{verse 4}

You've used up all your coupons
and all you got left is me
and somehow I'm full on forgiveness
I guess it's meant to be

{Chorus}

You're really lovely underneath it all
You want to love me underneath it all
I'm really lucky underneath it all
You're really lovely....

You're really lovely underneath it all
And you want to love me underneath it all
I'm really lucky underneath it all
You're really lovely..(mmm mmm mmm) underneath it
all
(mmm mmm mmm) underneath it all (mm mmm
mmm) underneath it all
