I can't seem to catch my breath
It's in front of me
Behind your lips

And here I go,
Letting go
Just another, let you go
I never thought I could be like this

I wanna spend every moment here with you
You've shown me a place I've seen but never knew
So here I am
Here I am
Here I am
Here I am
Just for you
Just for you

In the dark
Moving hands to find my way
Reaching for a chance
And the words to say

And here I go
Letting go
Just to never let you go
I'm so scared to feel so safe

I wanna spend every moment here with you
You've shown me a place I've seen but never knew
So here I am
Here I am
Here I am
Here I am
Just for you...

I've been so quiet for so long
Waiting for the chance to find me
Now I'm finding out
That things have never been so real
Never felt the way they should be
Now they've found me

I wanna spend every moment here with you
You've shown me a place I've seen but never knew
I wanna spend every moment here with you
You've shown me a place I've seen but never knew
So here I am
Here I am
Here I am
Here I am
Just for you
Just for you...
