We fly without fear  
Through the valley of shadows  
Waging our war against evil  
In your world  
We rule the heavens and earth  
From kingdoms of light  
We are the holy

Holy angels of war  
Angels of war  
We are the holy angels of war  
Angels of war

Gleaming white angels of war  
Descending in glory  
With the sound of an army of wings  
We enter your world  
We rule the earth and the sky  
From kingdoms of light  
We are the holy

Holy angels of war  
Angels of war  
We are the holy angels of war  
Angels of war

Thick red mouthful of evil  
Will you swallow?  
Angels of darkness will tempt you  
Will you follow?

Spit in the face of evil  
Never fear  
Fly on the wings of glory  
Join us here

We are the holy angels of war  
Angels of war  
We are the holy angels of war  
Angels of war  
We are the holy angels of war  
Angels of war

We are the holy angels of war  
Angels of war
