Alright, hold tight  
Gonna take you for a ride  
Inside the endless depths of my love  
Inside outside  
Through the doorways of your mind  
Into the shadows of my soul

Ooh, something in the way you move that moves me  
Ooh, something in the way you sway  
The way you make love to me

Come dance with me  
Feel my desire  
I'll set you free  
Take you higher and higher

Burn with me I'm gonna make you dance on fire

Dance - dance on fire  
Dance - come and dance with me

Alright, hold tight  
Don't you bring me down tonight  
I'm flying high on your love  
Inside, outside  
Thru the windows of your eyes  
Into the colors of your soul

Ooh, something in the way you move that moves me  
Ooh, something in the way you glide  
The way you slide right thru me

Come burn with me  
Feel my desire  
I'll set you free  
Make you dance on fire

Feel the flames they'll take you higher and higher

Dance - dance on fire  
Dance - come and dance with me

Blue-eyed angel with a devil's smile  
Gonna burn you, gonna drive you wild

Dance - dance on fire  
Dance - come and dance with me

Ooh, something in the way you move that moves me  
Ooh, something in the way you sway  
The way you make love to me

Come burn with me  
Feel my desire  
I'll set you free  
Make you dance on fire

Feel the flames I'm gonna make you dance on fire

Burn with me I'll make you dance on fire, fire  
And come on, burn with me  
No, make me dance again, yeah

Dance on fire, on fire, on fire  
Dance on fire
