Tonight is the night we die and we bathe ourselves in  
sin, get up like you give  
A fuck, this town is ours again, fire ignites, their eyes  
look like this gritty  
Filthy king was never there, but always watching

Better alone!

I saw his  
Face before he aged and weathered we rather, wait to  
claim the, I'll be waiting

I'd like to see the flood drag you and all the rot away

Today is not your  
Day!

These walls are coming, these walls are coming down,  
I'd love to be the  
One to, watch your puzzled face, crack the ground

This will never  
Stop!

Now with the kingdoms closing in, this is our chance to  
burn our  
Names into the ground, and in history

Extinction!

This was all for you,  
Another gold crown hits the floor  
This was all for you, another dead king, out  
The door

And when you're dead and gone we'll still have our  
names, we'll  
Replay, all the sounds you've made  
Now I'm a wanted man, and no one wants a  
Common man, and this is my decay

This is the brain before swelling, this is

The choice that you made

Fear no one, this is just the start!
