"Letting Loose"

Right now i got it out now.
I gotta get it out right now.
Something inside my soul is trying to get through.
I'll let it out if you can gaze beneath my skin.
My muscles, they ache to let you out.
I'm letting loose.
These nervous nerves of mine in your fire i feel numb.
Letting loose, letting loose.
Anger strikes a chord.
The tension is building.
I'll let you out when you gaze beneath my skin.
My body, it breaks to let you out.
I'm letting loose.
These nervous nerves of mine.
You ain't got the nerve to gaze beneath my nervous
nerves.
You ain't got the nerve to gaze beneath my nervous
nerves.
