Is This world meant for me
What is my purpose in life,
Every day drifting away and nobody seems to care
How hard I try, no matter what my effort my be
In the end it's meaningless

Have you ever wonder what lifes real meaning is
Asking yourself what am I here for nobody caring what
you do
Treating you like nothing, it's an unberable pain

I don't belong here what am I here for
Ignorance is what they take me for and
Yet I've stilled survived
I hate that lifes unfair with me
Nobody will ever take me seriously

I see you walking towards me
I try to ask you something but all you do is walk pass
me
Why don't you ever hear me, why don't you care
What have I done to deserve this

Have you ever wonder what lifes real meaning is
Asking yourself what am I here for nobody caring what
you do
Treating you like nothing, it's an unberable pain

I don't belong here what am I here for
Ignorance is what they take me for and
Yet I've stilled survived
I hate that lifes unfair with me
Nobody will ever take me seriously

Nobody to help me when I fail
Not a hand to hold on to
Nobody to listen to you
Only my shadow lives but am just an illusion
I've tried so hard but I fail
I try to be the best but who cares
What is my purpose

I don't belong here what am I here for
Ignorance is what they take me for and
Yet I've still survived
I hate that life's unfair with me
Nobody will ever take me seriously

I don't belong here what am I here for
Ignorance is what they take me for and
Yet I've still survived
I hate that life's unfair with me
Nobody will ever take me seriously

I haven't learned to live
Why do I exist!
