Majesty of the horns god of all gods  
I stride at night the moon is my shelter  
Into the depths I cry to you oh lord  
The memories of our past rest in my dreams  
I found the passage to the place once before  
I don't need to be guided my way leads into the dark  
I join the circle gathered for the feast  
Whispering voices from down below  
Immortal screams from far above  
The chalice is passed I drunk the unholy water  
Join the hands to summon the dead  
Blasphemous prayers recited by the priest  
Rites to remember rites to forget  
The ground moves thy breeze makes me shiver  
Burning souls is what I smell  
The divine splendour of the leathered wings  
Blind my eyes trapped me in a spell
