Samurai it's too late for goodbyes  
Oh Samurai we can make it if we try  
Samurai you are always on my mind  
Samurai oh together we can shine  
Samurai we both against them all  
We'll sail up oh even if we'll fall

Tonight oh I sold my heart to you  
Tonight yes you made my dreams come true  
Tonight we can win the greatest games  
Tonight you're a fighter that's your name

Samurai there's a winner in you  
Oh Samurai don't make me blue  
Samurai till you make it on your own  
Samurai here's a place where you belong  
Samurai it'll never be the same  
Samurai you've got a brand new friend

Tonight oh I sold my heart to you  
Tonight yes you made my dreams come true  
Tonight we can win the greatest games  
Samurai you're a fighter, Samurai's your name

Tonight oh I sold my heart to you  
Tonight yes you made my dreams come true  
Tonight we can win the greatest games
