Hacking at a corpse of truth
The ancient scribes defaced
Mouths that reek of racial hatred
Scream words of false translation
Boring into skulls of innocents
Attempting to eliminate the unpure
Defaced - GOD'S sword of truth
Defaced - wake up you fools
Spewing violence of other races
There is no scriptural basis
Beware which spirit has filled you
Ignorance is no excuse
Brutal acts based on treason
Defaced - GOD'S sword of truth
Defaced - wake up you fools
