What's the season of love if you can't have everything  
What's the reason of love if you can lose everything  
What's the meaning of love, it's a crime if anything  
What's the meaning of love, it's a crime, it's a crime

How can a culture can forget it's plan of yesterday  
And you swear it's not a trend, doesn't matter anyway  
There's no need to talk to friends, nothing new is  
everyday  
You could shit upon the stairs, you'll be friends

You'll be friends (x3)

All the kids will eat it up, if it's packaged properly  
Should it subteley irritate, keep it movin' equally  
All I know is just the fact, where the world is nowadays  
An idea is what we lack, doesn't matter anyway

All the kids will eat it up, if it's packaged properly  
Still the son will imitate, keep it fallin' equally  
All I know is just the facts, where the world is nowadays  
An idea is what we lack, doesn't matter anyway

Hey ... (x7)
