She should've stayed away from friends  
She should've had more time to spend  
She should've died when she was born  
She should've worn the crown of thorns

She should have been a son  
She should have been a son  
She should have been a son  
She should have been a son

She should've stood out in a crowd  
She should've made her mother proud  
She should've fallen on her stance  
She should've had another chance

She should have been a son  
She should have been a son  
She should have been a son  
She should have been a son

Been a son  
She should have been a son  
She should have been a son  
She should have been a son

She should've stayed away from friends  
She should've had more time to spend  
She should've died when she was born  
She should've worn the crown of thorns

She should have been a son  
She should have been a son  
She should have been a son  
She should have been a son
