Big cheese, make me
Mine says, "Go to the office"
Big cheese, make me
Mine says, "One that stays"

Black is black, straight back
Need more enemies
Sure you are, what am I?
We were enemies

Big lies, make mine
Mine says, "Go to the office"
Big cheese, make me
Message, what is it?

Black is black, straight back
Need more enemies
She is glue, how are you?

Big cheese, make me

Mine says, "Go to the office"
Big cheese, make me
Message, what is it?

Black is black, straight back
We were enemies
She is glue, how are you?

Black is black, straight back
We were enemies
Sure you are but what am I?
We were enemies

She eats glue, how 'bout you?
We were enemies
Sure you are, what am I?
