Would you believe me when I tell you
You're the queen of my heart
Please don't deceive me when I hurt you
Just say it the way it seems

Can you feel my love buzz?
Can you feel my love buzz?
Can you feel my love buzz?
Can you feel my love buzz?

Would you believe me when I do you
You're the queen of my heart
Please don't deceive me when I hurt you
Just say it the way it seems

Can you feel my love buzz?
Can you feel my love buzz?
Can you feel my love buzz?
Can you feel my love buzz?
