I will never bother you
I will never promise to
I will never follow you
I will never bother you

Never speak a word again
I will crawl away for good

I will move away from here
You won't be afraid of fear
No thought was put into this
Always knew it would come to this
Things have never been so swell
I have never failed to've felt
Pain, pain, pain

You know you're right
You know you're right
You know you're right

I'm so warm and calm inside
I no longer have to hide
Let's talk about someone else
Steaming soup against her mouth
Nothing really bothers her
She just wants to love herself

I will move away from here
You won't be afraid of fear
No thought was put into this
Always knew it'd come to this
Things have never been so swell
I have never failed to've felt
Pain, pain, pain, pain, pain

You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right

You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
You know you're right

You know you're right
You know you're right
You know you're right
You know you're right
You know you're right
Pain
