Come out and play
Make up the rules
I know, I hope
The tide is blue

Though some are dead
I'll walk from you
I know, I'll light
The way to go

Hello, hello, hello, how low? (x3)
Hello, hello, hello!

I'm a liar and I'm famous
Here we are now, entertain us
I feel stupid and contagious
Here we are now, segregate us

A libido, an albino
A mulatto, a mosquito

Here we are now, entertain us
I feel stupid and we're famous

Yeah!

Hey (x4)

Come out and play
Make up the rules
I know, I hope
To find the truth

We're wide awake
And heavy feeling
We'll go outside
And pray for me

Hello, hello, hello, how low? (x3)
Hello, hello, hello!

I'm a liar and I'm famous
Here we are now, entertain us
I feel stupid and contagious
Here we are now, entertain us

An albino, a mulatto
A libido, a mosquito

Here we are now, entertain us
I feel stupid and famous

Yeah!

Hey (x4)

Come out and play
Take off your clothes
Make up the rules
I'll see you in court

And I will not embrace you
I'm now a lie, the same as you

Hello, hello, hello, how low? (x3)
Hello, hello, hello!

I'm lazy and famous
Here we are now, entertain us
I feel stupid and we're famous
Here we are now, entertain us

A libido, an albino
A mosquito, a vagina

Here we are now, entertain us
We feel stupid, and famous

A denial! (x12)
