There's a soft pretentious (Alt: relentless) mountains  
(Alt: This song is for lovers out there)  
Listen (Alt: glisten) in the light of the trees (Alt: And the  
little light in the trees)  
And the flowers sing in D minor (Alt: And all the flowers  
have gingivitus)  
And the birds fly happily

We're together once again my love  
I need you back, oh baby baby

I can't explain just why we lost it from the start  
Living without you girl, you'll only break my heart...

I can feel it, I can hold it  
I can bend it I can shape it, I can mold it  
I can cut it, I can taste it  
I can spank it, beat it, masturbate it

I been looking for day glo  
Always hearing the same ol'  
Say you want to be faithful  
I can make it do things you wouldn't think it ever could
