All I can say about these lyrics is that your guess is as good as mine. I just  
Decided to give you mine.. :)  
This song appears to be about a heart attack, but that's just my opinion. I  
Still have yet to figure out how the name tourette's fits or who is  
Referenced by the "your" in the first line..  
Quoting bsholdic@unix1.tcd.ie (who made the chord for this song):  
"Anyway, the lyrics (according to the author) were screamed on the spot, no  
Lyric sheet here. Make what you can of them. The only thing I could discern  
Was 'Cold heart' in the chorus. Good luck....."  
Just so you know, I couldn't really make out the words in []'s so I just  
Guessed. Not to say the rest of it is right, either. :) If you have any  
Alternate words that would fit better, or could help me out on what this song  
Is all about, please mail me at [wzombie@netcom.com](mailto:wzombie@netcom.com).  
Thanks...

Tourette's - Nirvana

-----  
Moderate rock..  
Here's your enemy in my life  
Get out, out of sight, of my heart  
Will no [additive] of my heart  
Pull hard, sever free, of my heart?  
HEY!  
HEY!  
HEYY! (3x)  
I don't care, I'm [afraid], it's [my heart]  
[Clear all] effigy of my heart  
Oh no! it's the fall of my heart  
Oh no! it's the call of my heart  
HEY!  
HEY!  
HEYY!  
[Wring a knot],  
Cold heart (7x)
