I will never bother you
I will never promise to
I will never follow you
i will never bother you

Never speak a word again
I will crawl away for good

I will move away from here
You wont be afraid of fear
No thought was put in to this
I always knew it would come to this

Things have never been so swell
I have never failed to feel
Pain
Pain
Pain

You Know you're Right
You Know you're Right
You Know you're Right

I'm so warm and calm inside
I no longer have to hide
Let?s talk about someone else
Steaming soup against her mouth
Nothing really bothers her
She just wants to love herself

I will move away from here
You wont be afraid of fear
No thought was put into this
I always knew to come like this

Things have never been so swell
I have never felt this well
Pain
Pain
Pain
Pain

You know You're Right
You know You're Right
You know You're Right
