He think he fly and sexy though
I know he want me badly yo
I know he think that I'm the baddest thing up in this club
He keeps on staring at me yo
I feel him staring head to toe
And if he wanna move he gotta put it down
Tonight
And If he want to have the baddest for life (3x)
Tonight
Boy He can get it for the rest of his life (3x)

The baddest in this club
Club club club
(4x)
The baddest in this club

If you really want
(In this club) (3x)
The baddest in this [2x]

I know he dreaming bout me
From cross the room without me
Looking all fresh and so clean
But just a 4 without me
He keeps on looking for me
Between the crowds around me
It's just like clouds around me
And yes he's floating away
So take me away
Boy take me away
If I'm the baddest baby
So take me away
Just Take me away
Get out of this phase
If I'm the baddest in this

Couple more shots of patron then I'm on
Feeling so good in the club get it on
We about to party
People getting naughty
Everyone throw them dubs up wit bacardi

(2x)

Tonight

And If he want to have the baddest for life (3x)

Tonight

Boy He can get it for the rest of his life (3x)

The baddest in this club

Club club club

(4x)

Cause baby I'm the baddest

And baby if you had this

Baby I'm the baddest

Baby I'm the baddest

If you really want it

(In this club)

If you want the baddest in this

If you really want it (4x)

The baddest in this (4x)

If you really want it
