The way you watching me
My feeling left when you grew another part of me
And I'm just saying what's really deep inside of me
The way I feel
I feel so real
Really I'm just tryna contemplate the night
Wrapped on my mind and holding me so tight
Climbing my emotions and it's shining bright
The questions I wont ask
I wont ask you

Would you respect me
Don't leave me home
Would you really admit that your mine alone
Would you answer things I wanna know
Oh boy I wanna know, don't lie about it (please don't
like about it)
Would ja would ja would ja really lie to me (would you
lie to me boy)

I feel connected this here must not stop (I feel
connected)
If you can't talk about what's really gonna hold me
up(oh)
Oh boy Lets talk about it (lets talk about it)
Would ja would ja would ja really lie to me (woulja really
lie to me)

(Boy--verse 2)
It's like I don't want to change
If you knew it would you really still had feel the same
These three words "I love you" would you really change
Lets talk about it... let(skip)
Would you hurt me, desert me, do wrong to me,
Take for granted boy, baby don't encourage we, let's
talk about the change
Ooh I got questions for you...
(I got questions for you)

Would you respect me
Don't leave me home
Would you really admit that your mine alone

Would you answer things I wanna know
Oh boy I wanna know, don't lie about it (please don't
like about it)
Would ja would ja would ja really lie to me (would you
lie to me boy oh)

I feel connected this here must not stop (I feel
connected)
If you can't talk about what's really gonna hold me
up(oh)
Oh boy Lets talk about it (lets talk about it)
Would ja would ja would ja really lie to me (woulja really
lie to me)

Oh... (tttalk about it)

Would you respect me
Don't leave me home
Would you really admit that your mine alone
Would you answer things I wanna know
Oh boy I wanna know, don't lie about it (please don't
like about it)
Would ja would ja would ja really lie to me (would you
lie to me boy oh)

I feel connected this here must not stop (I feel
connected)
If you can't talk about what's really gonna hold me
up(oh)
Oh boy Lets talk about it (lets talk about it)
Would ja would ja would ja really lie to me (woulja really
