Sittin' on the front porch tryin' to keep still
Baby's lookin' finer than a fifty dollar bill
Pretty blue eyes and it isn't hard to see
That baby's got a hold on me

Long blond hair down the middle of her back
She's got the keys to her daddy's Cadillac
Got every little thing that I'm ever gonna need
Baby's got a hold on me

Got a hold on, got a hold on me
Got a hold on, baby's got a hold on me

We've got a full tank of gas, lookin' for a thrill
A three day weekend, lot of time to kill
Put the top down but we're never gonna freeze
'Cause baby's got a hold on me

Got a hold on, got a hold on me
Got a hold on, baby's got a hold on me
Hold on.....

Well, the full moon's shinin' on a Carolina night
Drivin' my girl across the interstate line
Got a preacher waitin' and that's how it's gonna be
'Cause baby's got a hold on me

Got a hold on, got a hold on me
Got a hold on, baby's got a hold on me

Got a hold on, got a hold on
Got a hold on, baby's got a hold on me
Baby's got a hold on me
Baby's got a hold on me
Baby's got a hold on me
(fade out)
