(Hofstede/Kloet/Stips - Hofstede)

Wake me up

Sunray

On this bright sunny summerday

Leave my bed

Bike in head

Clear blue sky

Bird and kite

On this day

Time is on my side

Someone said

Bike in head

On a shadow lane

Between big trees

Bike-chain spins

And frame freezes

I have seen the vilages in green

Meadows cut by ditches in between

Lines I've read

Bike in head

Can't you hear

Can't you hear what they say

Can't you hear

Artis bought an elephant today

Wake me up

Sun-ray

On this bright sunny summerday

Leave my bed

Bike in head

Is this the real world!

Am I alive

Is this the real world!

Am I alive

Is this the real world!

Is this the real world!
