(Hofstede/Kloet/Stips - Hofstede)
I'm fighting it fighting it fighting it
Till I am winning
Rewinding it winding it winding it
Till the beginning
Erom on
I open the window
Open the door
When I'm closing
My room and my house
And backwards I'm walking
To your house
Erom on
It's like driving a car
By looking in the mirror
Forwards in reverse

I'm touching the walls
And the corners
Erom on
You say words in reverse
You say words in reverse
A doorplate your number
I go up the steps to your room
I'm facing you facing you facing you
And you are saying "erom on"
Erom on
You say words in reverse
You say words in reverse
I'm walking to my room
I'm closing the door
Erom on
