Frog

Once I was a green man living in a tin can

You cannot open it, cannot open it

I can. Green man

Once I was a blue man living in a bottle

I cannot open it, cannot open in

You can. Blue man

Once I was a red man living in a brown box

You cannot open it, cannot open it

I can. Red man

Green man. Blue man. Red man

Once I was a green man living in a tin can

You cannot open it, cannot open it

I can. Green man

Once I was a blue man living in a bottle

I cannot open it, cannot open in

You can. Blue man

Once I was a red man living in a brown box

You cannot open it, cannot open it

I can. Red man

Green man. Blue man. Red man
