"Mother Of The Bride"

I hired the band, you planned the buffet line
The food and the music would be grand
You fought with our daughter
Over what color oughta be featured in pastel chiffon

We rented the elk's club and decked it in palm trees
affecting a tropical air and you and I set aside what
separates us
As we celebrate the wedding of our child our friends
filled the hall and brought their presents wanted our
little girl to have enough to feather a nest and start a
family the kids must feel this
Ouring of love I just hope that thse frieds and this
family will keep our baby in their thoughts and we'll be
there in years to come to help them use up and eat off
all the stuff they brought wi
Ep our baby in theri thoughts

So dance wth me, mother of the bride and stand strong
against me at my side take a look with joy and wonder
as our daughter and her man take the floor we really
want them to be happy as they can
Eze my hand and whisper earnestly that you hope they
avoid all the pain that we went through I agree that
they'll be lucky and it's the truth if he loves her half as
much as I love you as papa i
Dly waltz 'round with the bride but one dance with her
won't be enough, dear I gave her away on the hillside
this morning but it's not that easy giving her up

So dance with me mother of the bride
Cheek to cheek so she won't know that I have cried take
a look with joy and wonder take the floor we want em to
be happy as squeeze my hand and whisper earnestly
that you hope they avoid all the
That we went through and I agree if he loves her half
as much as I love you if he loves her 1/2 as much as I
love you
