(Hofstede/Kloet/Stips - Hofstede)

I'm moved by her

Moved by her

She got a room in the back of the house

I know a wall with a hole of a mouse

I'm looking at her with my secret eye

Nobody knows the reason that I'm

Moved by her

Moved by her

Pink is the moon

Pink is her ass

Nipple aux Dijon

Giggle undress

I'm moved by her

Moved by her

Peep through the hole

I see her eyes

She's looking at me

I'm looking at her

I'm moved by her

Moved by her

Talk to me

Talk to me
