"Oh What A Love"

Visit "[Oh What A Love](#)" on MotoLyrics.com

Oh what a love, that'll bind the wounds of a loss and
heal my heart
Oh what a love, to cast away the pain
Oh what a love, that'll bear for me the cost of a brand
new start
Oh what a love, to let me begin again

Oh what a life, that'll brighten up the corners of a lonely
life
Oh what a life, to cast away the rain
Oh what a life to remove the gloom I face in the dark
alone
Oh what a life, I believe I can see again

I remember the day
We walked on the beach till sunset, then we sang
And the songs we played were a promise of love that'll
honor beyond the grave

Oh what a song, learned from the sea taught slowly to
the young
Oh what a song, to cast away the rain
Oh what a song, to break the bonds of fear and still the
sound
Oh what a song, I believe I can sing again

I remember the day we met at a place of hope, I took
what you gave
And the words we'd say were a promise of love that'll
honor beyond the grave

Chorus
