1. Once I had a heart cold as ice
and love to me was only for fun
And I made a mark for each broken heart
like nuches on the but of a gun

2. Once I had a track on my sleeve
and a reputation all over town
I was heartless and cold and wherever I go
I shut down every young girl I found

Chorus:
And I used to be a moonlight-bandit
I used to be heartbreaker-kid
But then I met you and the next thing I knew that I was
Oh, shut full of love

3. Who thought that someone like you
would take a desperado like me
But all here I am, I'm week as a lamb
with my bleeding heart there at your feet
And I used to be a moonlight-bandit
I used to be heartbreaker-kid
But then I met you and the next thing I knew that I was
Oh, shut full of love
And I used to be a moonlight-bandit
I used to be heartbreaker-kid
But then I met you and the next thing I knew that I was
Oh, shut full of love
Shut full of love
