One, don't mess with the radio  
Two, don't tell me which way to go  
Three, just leave it up to me cause  
Four, you ridin with a pro  
Five, you gotta leave it all behind  
Six, we bout to get up in the mix now  
Seven, everyday is a blessing  
Eight, don't make no mistake about one

I'm just riding out trying to figure out  
What's up, this feeling can't be controlled  
Trying not to look so fly and it's 3:25 but I'm ready to  
roll  
Cause I've been waiting all week just to find  
A party just to get out and jam  
My destination's unclear  
Cause I know the party's wherever I am

One, don't mess with the radio  
Two, don't tell me which way to go  
Three, just leave it up to me cause  
Four, you ridin with a pro  
Five, you gotta leave it all behind  
Six, we bout to get up in the mix now  
Seven, everyday is a blessing  
Eight, don't make no mistake about one

Now that the hour is nine, time to check for this dime  
Breakin hearts at the door  
No time for standing in line  
The beat is playin in my spine and I can't take it no  
more  
Throw your hands up, let's cut this rug up  
And party like it ain't no thang  
We can do it all night til the daylight  
No, it ain't no shame in my game, yeah

One, don't mess with the radio  
Two, don't tell me which way to go  
Three, just leave it up to me cause  
Four, you ridin with a pro

Five, you gotta leave it all behind  
Six, we bout to get up in the mix now  
Seven, everyday is a blessing  
Eight, don't make no mistake about one
