Guess it's my fault
That I got caught up
Knowing damn well that you & her just broke up
You say it's about
Me and not the last
She's the past
Did I ask you 'bout how she was
No I didn't, so

What makes you think I wanna know
Bout all ya'll did and felt before
Tell me what the hell
You even got wit me for, huh?
(Tell me what the hell you even got wit me fo huh?)
No matter how you front it always shows
That you ain't never ever let her go
Tell me what the hell
You even got wit me for, huh
Yo I'm out the door don't tell don't go cuz'

(Chorus)
How can we work it out
When all I hear is 'bout you exgirlfriend huh?
I don't care about your exgirlfriend
Cuz' if we so in love
Why I'm I jealous of your exgirlfriend huh?

Always talkin''bout
What I don't do and what she would do
Baby would you could you stop
(This is me)
Comparin me to her just pisses me off
Cuz' if she's what you need
Then why you steady hangin 'round wit me
Boy you better off lettin me leave
Cuz I will walk the f*** on out
If I gotta hear one more about her, ooh

What makes you think I wanna know
Bout all ya'll did and felt before
Tell me what the hell

You even got wit me for, huh?
(Tell me what the hell you even got wit me fo huh?)
No matter how you front it always shows
That you ain't never ever let her go
Tell me what the hell
You even got wit me for, huh
Yo I'm out the door don't tell don't go cuz'

(Chorus)
How can we work it out
When all I hear is 'bout you exgirlfriend huh?
I don't care about your exgirlfriend
Cuz' if we so in love
Why I'm I jealous of your exgirlfriend huh?

(Bridge)
Boy don't tell me girl you can't go
Save your breath cuz' baby I know
You don't feel how you did before
You ain't ready to let her go
I can't waist no more time wit you
Knowing that I'll be number 2
You don't feel how you did before
You ain't ready to let her go

(Chorus)
How can we work it out
When all I hear is 'bout you exgirlfriend huh?
I don't care about your exgirlfriend
Cuz' if we so in love
Why I'm I jealous of your exgirlfriend huh?

How can we work it out
When all I hear is 'bout you exgirlfriend huh?
I don't care about your exgirlfriend
Cuz' if we so in love
Why I'm I jealous of your exgirlfriend huh?

See I kinda always knew you still loved your
exgirlfriend (exgirlfriend huh?)
I kinda always knew you still loved your exgirlfriend
(exgirlfriend huh?)
See I kinda always knew you still loved your
exgirlfriend (exgirlfriend huh?)
I kinda always knew you still loved your exgirlfriend
(exgirlfriend huh?)
