(Youngbloodz)

Waz happenin' shawty, I'm Sean Paul, let me holla at ya  
What I gotta do, throw a couple dollas at ya?  
Lift my arm, show my wrist, tell ya that I ball?  
Pick ya up in Benz and take ya to the mall and all?  
Here's my number shawty in case you want some street  
thang  
Look me up, I'll introduce to a new game  
Show you where I hang, girl you be my sweet thang  
I love your style, love your nails, and your tight jeans

I'm what you call a player, baby how you love that?  
A Youngblood, feeling good and never laid back  
Always run with that goose and never Cogyack  
And keep my ears to these streets 'cause dat's where  
home at  
So what's shakin' in the party, throw a drank up  
And to my ladies looking' good: throw yo hands up (

Now where my fellas at, you know how we get crunk  
So DJ spin it back for me now stomp

(Chorus)2x
