I seen her

She wanna take u from me  
And i know it  
Im gunna show her  
That shell never get your from me  
You used to kiss her  
Do you miss her?  
Do you see her pieces of her in me  
What are you thinking  
What are you dreamin  
I got this feelin  
So say it, so say it  
Tell me you love me  
Tell me you care  
Tell me she's over  
Tell me she's nothing  
She didn't love you  
And i need you baby  
Tell me she's over  
Tell me she's nothing  
Girls like her are competition  
With no intention
