[Chorus:]

Black girl, white girl, mixed girl on the floor
Puerto Rican girl, Asian girl, Mexican girl let it flow
Skinny girl, thick girl, mean girl let it go
Let me see you get low let me see you get low

Baby boy, Baby boy a couple drinks have got me super
crunk(super crunk)
Inny minny miny mo I'm the girl you want(girl you want)
You better hurry up don't take to long (take to long)

Baby boy just wanna dance don't wanna know your
name
Pop, Rock, R and B it's all the same
Goes to the girl that's standing over time
Pivot pumps lookin fine

[Chorus]

Baby just wanna feel your body on me
Put your arms around me never leave
Little closer wanna feel you breathe... tonight
Boy you all up on me I can tell you want me
I can feel it in the air
I don't care who's lookin, I'm wildin out up on this floor
until the D.J tells me so

[Chorus x2]

Baby just wanna feel your body on me
Put your arms around me never leave
Little closer wanna feel you breathe all on me... tonight

[Chorus]
