Sat up in the dark for so long
Just livin' my life on my own then
Right up out of the blue
Bumped into u
I was so amused
By your smile boo
Want you to call my phone
So me u can talk just a lil' more
I didn't know what to do i was feelin' u
Hopin' u would be cool of hangin' out to

I don't know what happened
Got people steady askin
How u go to sleep mad one day
The next wake up so happy?
Love works like magic
And a soul to my mind came graspin'
I'm just glad that i've got u in my life

[CHORUS]
I think bout us (all the day)
Dream about ya (always)
Love aint always
Com-pli-cat-ed [2x]

Im lovin it don't take long
People speculating that it wont last long
But that just can't be true
Cause i've been lovin' u
Like u never knew that i could do
I will never let go gotta hold on
Cause u den made me and
Your happy home
And i give all me to u, i do

Whatever u ask me too

Cause boy you're my
Biggest blessin
They can keep on askin'
How i go to sleep mad one day
The next wake up so happy?

Well love works like magic
And a soul to my mind came graspin
I'm so glad that u made me your wife back

[CHORUS X2]

I think bout us (all the day)
Dream about ya (always)
Love aint always
Com-pli-cat-ed

[Bridge]

Boy u make me feel so beautiful
And i ain't never gonna let u go
People say, they say how it's supposed to go
But i refuse to believe
Cause it happened to me

One day u're
Standin' in the middle of the road
And u don't know where ur goin'
All of the sudden your whole life change
And life finally gives u somethin' back
It's been a mean world without ya ilove ya
{CHORUS X2}
