Guess it's my fault
That I got caught up
Knowing damn well that you & her just broke up
You say its about
Me and not the last
She's the past
Did I ask you 'bout how she was
No I didn't, so

What make you think I wanna know
Bout all ya'll did and felt before
Tell me what the hell
You even got wit me for, huh
(tell me what the hell you even got wit for)
No matter how you fun it always showed
That you ain't never ever let her go
Tell me what the hell
You even got wit me for, huh
You unlocked the door don't tell me dont go 'cause'

(Chorus)
How can we work it out
When all I hear is 'bout you Exgirlfriend
I don't care about your exgirlfriend
'cause' if we so in love
Why am I jealous of your Exgirlfriend

Always talkin'bout
What I don't do and what she would do
Baby would you could you stop
(This is me)
Just getting rid of her just pisses me off
'cause' if she's what you need

Then why you steady hangin around wit me
Boy you better not let me leave
Tell me why to * on now
If I got to hear one more about her, ooh

What made you think I wanna know
What all ya'll did and felt before
Tell me what the hell

You even got wit me for, huh
(baby tell me what the hell you even got wit fo)
No matter how we fall you always show
That you ain't never ever let her go
Tell me what the hell
You even got wit me for, huh
You unlocked the door don't tell me don't go 'cause'

(Chorus)

(Bridge)
Boy Don't tell me girl you can't go
Save your breath 'cause' baby I know
You don't feel how you did before
You ain't ready to let her go
I can't waste no more time wit you
Knowing that I'll be number 2
You don't feel how you did before
You ain't ready to let her go

(Chorus till end)
