Step in the club head low with the lights down
Made my way to the floor fellas gather 'round
Step my hips out there make 'em point and step
Feel the heat that beats in the atmosphere

Just my chest feel the sweat get into it now
I get the feeling we gonna party till they shut it down
People watching from the bar pretty tipsy now
Break it down ladies, roll it like a gypsy now

Went in my A, all the way to Jamaica
From New York back across to the bay now
I see you watching and I know you wanna get in me
Boy, I have you singing like them Indians

Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
Boy I have you singing like them Indians
Oh hal hal hal hal ha yaa
I have you singing like them Indians
Oh hal hal hal hal ha yaa

Aho aho
Aho aho

Feel the kick in the drums, make you move
Hands in the air, don't be scared let it groove, Mama
But my body won't stop, put you in a trance
Try to keep up with me if you can

Shake your body body, move your body body
Don't hurt nobody body, keep this party poppin'
So what's the kick on my girls let 'em see you drop
I put me back to the top and make you hot

Went in my A, all the way to Jamaica
From New York back across to the bay now
I see you watching and I know you wanna get in me
Boy, I have you singing like them Indians

Oh hal hal hal hal ha yaa

Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
I have you singing like them Indians
Oh hal hal hal hal ha yaa

Aho yeah
Aho yeah

Freeze the line, shake shake
Freeze the line, shake shake
Freeze the line, shake shake
Freeze the line
Roll back, go roll back
Go roll back, go roll back, go roll

Freeze the line, shake shake
Freeze the line, shake shake
Freeze the line, shake shake
Freeze the line
Roll back, go roll back
Go roll back, go roll back, go roll

Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
I have you singing like them Indians
Oh hal hal hal hal ha yaa

Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
Boy, I have you singing like them Indians
Oh hal hal hal hal ha yaa
I have you singing like them Indians
Oh hal hal hal hal ha yaa
