Rasheeda

Yeah

[Rasheeda]

He like the way my pinkie sitting pretty

Underneath my mini I'm ready for a quickie

Give him a quick striptease drop it low

Let him squeeze what my Bs like some double Ds

Only got a few minutes

I can play with

Show him how us ghetto girlz like to get it get it

I ain't pimpin I see your body out of tension

So come and get it cuz I'm working with a time limit

Give it up give it up quick to me

I gotta run can we make this kinda quick you see

Give me your love like you always do it to me

(I need your love but we gotta rush)

Keep it low shine low not to loud

Do it all make it fast know I like it round

Make me scream like a witness on a murder scene

(Won't you come and break me of right here)

It can be outside on the hood of your truck

It can be how you want it just hurry up

Hit it up put it down till you get enough

Ooh ooh

[Chorus]

I feenin' for your touch (touch)

I just can't get enough

Come get all of my love

Not tryin' to be nasty

I just want a quickie

I feenin' for your touch (oh oh)

I just can't get enough

Come get all of my love

Not tryin' to be nasty

I just want a quickie

Makin' love all night sounds good to me
But I just need a little taste of my baby's free
And only you can bring it to me like you need to bring it
to me
(I need your love will you take over me)
Make a girl wander what the hell you put on me
When you pull up know its up I'm so ready
And I don't mind if you say that I'ma get it right
(Let me tell you what I need)

It can be outside on the hood of your truck
It can be how you want it just hurry up
Hit it up put it down till you get enough
Ooh ooh

[Chorus]
I feenin' for your touch (touch me)
I just can't get enough
Come get all of my love
Not tryin to be nasty
I just want a quickie
I feenin' for your touch (oh)
I just can't get enough (ooh)
Come get all of my love (hey)
Not tryin to be nasty
I just want a quickie

You know what I want and
I can't hide it all from you
Change the way you work it
I'm feenin' baby hurry come on
(Give it to me)
Cuz baby I need you
(I'm making you please)
I gotta feel all of you
(Feeling freaky you know what I need)
Got me bout to scream oh

[Rasheeda]
He always touch me in the right spots
And do the damn things that keep me so hot
Love it when I get up on top
And ride him like 4-54 drop top
Don't matter the time or place
Cuz I think I'm sitting in my car but I'm sitting on his
face
And I do it all on my lunch break
Quickie a day keep a playa so straight

[Chorus]

I feenin' for your touch (I'm feenin)
I just can't get enough
Come get all of my love (oh ooh)
Not tryin' to be nasty
I just want a quickie
I feenin' for your touch (for your touch)
I just can't get enough
Come get all of my love
Not tryin to be nasty
I just want a quickie

[Chorus]

I feenin' for your touch (touch me)
I just can't get enough (baby baby)
Come get all of my love
Not tryin' to be nasty
I just want a quickie
I feenin' for your touch
I just can't get enough
Come get all of my love
Not tryin to be nasty
I just want a quickie
